

window. Enter a search term in the **Find** field and click **Search**. The detailed definition for the term displays.

### Search by Topic

From the home page, click on a topic in the Search by Topic column. A list of subtopics will appear on the right side of the screen. Mark any subtopics that you want and click **Search**.

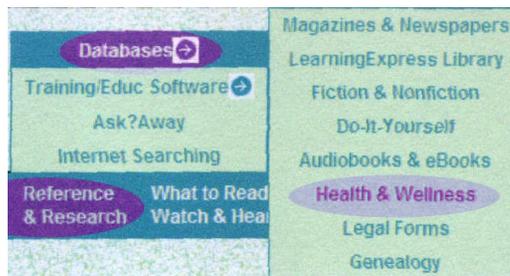

### Using the Folder

You can store all of the following to your folder: search result items, persistent links to searches, saved searches, search alerts, journal alerts, and web pages. From the folder you can then print, e-mail or save multiple results at the same time. If you have signed in to your personal account, any items you collect in your folder are automatically saved at the end of the session. If you have not signed in to your personal account and you end your session, or it times out due to inactivity, the folder is automatically cleared.

### Accessing the Database

You can access **Consumer Health Complete** from our library web site at [www.antigopl.org](http://www.antigopl.org)

Near the top of the home page, you will see a horizontal bar with menu options. Move your mouse over **Reference & Research**, and a menu will appear. Move your mouse so that it highlights **Databases** on this menu, and a submenu will drop down. Click on "Health & Wellness" to open a new page.

There are two databases on this page. Scroll down and click on the **Consumer Health Complete** icon.

If you are using this database within the library, a single click takes you to the **Consumer Health Complete** site.

*If you are accessing the database from outside the library, you will first be prompted for your 14-digit library card barcode.*

### Using the Database

At the **Consumer Health Complete** home page, in the upper right corner, you will find a "Help" link. Click on this feature, and a separate page will open. The left column of this new page will offer you more information on searching, saving your searches, printing and emailing, using folders, etc.

There are also 3-4 minute tutorials accessible from the Help page. Access them from a link in the far upper left column.

Your feedback about this product is very welcome. If you wish to share it, please send your comments or questions to:

## Consumer Health Complete

Consumer Health Complete (CHC) is EBSCO's interface designed for the everyday consumer of health care information. CHC provides convenient access to easily understandable health and medical information. Consumers can search and browse within medical encyclopedias, popular reference books, and magazine articles.

This database offers easy access to:

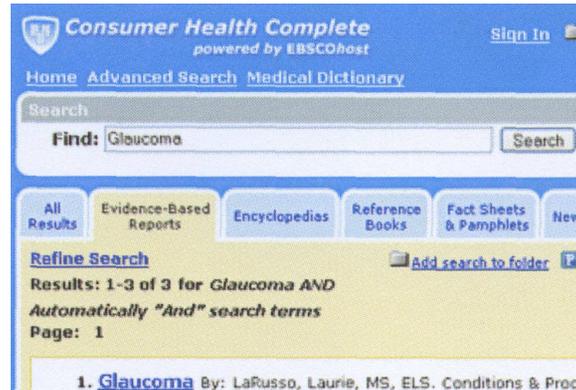

- Evidence-based reports
- Encyclopedias & reference books
- Fact sheets & pamphlets
- The latest medical news
- Information on drugs and herbs
- Alternative sources
- Images & diagrams
- Videos and animations

### Searching from the Home Page

From the Home Page, enter your search terms in the **Find** field. Click **Search**, and a result list is displayed. By default, the source-type tab displayed is Evidence-Based Reports. If these are not available for the terms searched, the All Results tab is displayed. To view a specific source type (e.g. only *Fact Sheets & Pamphlets*), click the source-type tab.

The search terms are retained in the **Find** field above the Result List. The Result List is sorted by "source type"--for example, *Health Encyclopedias, Reference Books*, etc. To view

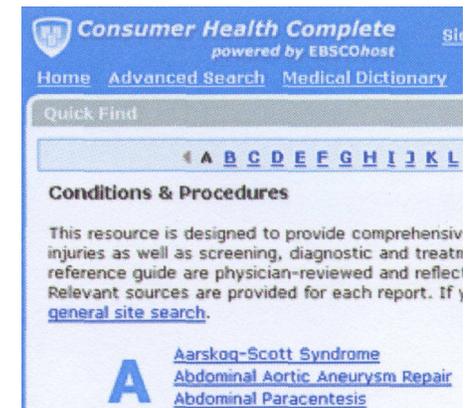

a different source type, click the appropriate tab.

- If you click the **Consumer Health Complete logo**, you are returned to the Home Page with all your search terms *cleared*.
- If you click the **Refine Search** link, you are returned to the Home Page with your search terms *remembered*.
- If you click the **Advanced Search** link, you are taken to the Advanced Search Screen with your search terms *carried forward*.

### Quick Find

The Quick Find feature on the Home Page provides easy access health reports on common diseases, conditions, and injuries. To use Quick Find, click on any of the **A-Z** links. A list of available Conditions & Procedures is displayed. Click any of the linked results, and the article details are displayed.

### Medical Dictionary Search

To search for a definition, click the Medical Dictionary link on the home page. The dictionary displays in a pop-up
